i was in a van  
a cold day in january stopped sliding by  
they wanted to know  
"where ya from? where ya heading?"  
just everything I knew which was nothing, still isn't  
a jet came to a halt  
not far to fly  
more questions than hours wasted in the air  
"who? where? why?"

border talk  
cross country walk  
take my hand  
no friends to speak of  
in border talk

an other wheels story  
stepped outta the bus  
the dogs were real hungry that day  
as you can imagine  
we were mostly clean  
huh! mostly  
but they couldn't wait to ask us  
like I say mostly  
"what you been smokin' boy?"  
"500 should cover that, shouldn't it?"  
of course it did  
I'm just saying  
you can be a no man in anyone's land  
unless you're the diplomatically immunised  
you're someone to be scrutinized  
by governments in arms not opened nearly  
as wide as their mouths, blabbing  
about freedom  
but freedom isn't their language  
they don't speak that

border talk  
cross country walk  
take my hand  
border talk  
cross country walk

take my hand  
no friends to speak of  
in border talk no friends to speak of  
in border talk
