I'm looking 'bout and listenin' good
used to dance and now I stand
can't recall if I changed
fact remains things ain't the same
look up about and listen good
take your bunce and that's not all
the more they scratch, the more you'll itch
it's a condition we'll have to cure
dj vd, dj vd
it won't get me
originality deficiency
take your decks and swivel
don't you try to tell me
how to live my life
don't you try to tell me
what's honey and what is spice
dj pull the plug on that
standing in a bar, feet on the floor
chilling out and digging the scene
seems like it used to be really fun to do
things ain't always how they seemed
looks like the emphasis is changing here
a significant and ominous twist
it's confusing and frustrating
utterly deflating
in fact it gets me utterly pissed
so listen good, and look about
go ahead and tell me what you see
this is a terminal disease
and we've got to set us free
cos looks like a midas in reverse
the things they touch they curse
and smother with the killer pumping bass
the issue they're confusing
themselves they are deluding
I guess they've got a terminal case
dj vd, dj vd
it won't get me
originality deficiency
take your decks and swivel
don't you try to scare me
out of what I am

don't you try to scare me
your money in your hand
dj pull the plug on that
dj vd, dj vd, dj vd
dj vd, dj vd, dj vd
don't you try to tell me
how to live my life
don't you try to tell me
what's honey and what is spice
don't you try to scare me
out of what I am
don't you try to scare me
your money in your hand
