hey now what's this
the place I'm living's a fucking disgrace
don't talk 'bout that
get on your knees and pray that you're safe
but what to believe in
it's all so deceivin'
how about something else
the times ain't changing
it's what I been cravin'
how about something else
where's this I'm at
there's more excitement
at a laundrymat
who's he, mmm looks good
he ain't a god
well he fucking well should (be)
now wait a minute, look at that
he's a god without a doubt
can't you see it in his eyes
got all of you to despise
and so they came
and they called him godhead
cried out his name
and the life that he led
so then he knew what he had to say
hold out his hand and show them the way
godhead
I can create
but only masturbate
they all believe
what I got up my sleeve
they cannot wait
so I guess this is my fate
now I'd like to know
if this god he can go
kissing hot jack and danny
then take it real slow
and now I can cry
yes it's manly to die
but real tears is now what I will try

women, long legs

imbalance to be redressed
if I'm a god
can't keep shooting my load on my own
now bend on down
and receive your crown
I'll give you a necklace to wear
well yeah god is strange
but not sex deranged
no he wouldn't do that with a chair
got a feeling something is happening here
yeah I think it's all coming clear
and so they came and they called him
godhead
cried out his name and the life that he led
so then he knew what he had to say
hold out his hand and show them the way
godhead
now if a holy grail
carries a semen trail
I guess we can think that god has gone bad
but look at it my way
I fucked up on every day
yeah I know where there's fun to be had
OK so I'll leave
didn't mean to deceive
just look after the debris I've left
and so they came and they called him
godhead
cried out his name and the life that he led
so then he knew what he had to say
hold out his hand and show them the way
godhead
godhead
godhead
