It's been a while since I've seen you smile  
In my eyes the feeling's oh so cold  
Your fingertips, the taste, your lips and I need you now  
You turn the world I know completely upside down

Cause you're waiting for me to get back home  
I'm leaving San Francisco and I don't think that  
I can miss you  
More than I do right now baby, Oh  
I don't have all the answers but this time is of the  
essence

Help me dear to help me hear your voice  
It helps me through the night when I'm alone  
Time will try to be the man who understands  
Well I just don't want to tell you all of this over the  
fall

Cause you're waiting for me to get back home  
I'm leaving San Francisco and I don't think that  
I can miss you  
More than I do right now baby, Oh  
I don't have all the answers but this time is of the  
essence  
And it's a damn good thing you know the way that I  
feel for you

Once a lonely late night visit  
Trying to figure out what is this  
Never being a dull more minute  
All this time that I have known you

There's no rhyme and there's no reason  
For this love of thoughts to leaving  
I'll be here until that moment goes

Waiting for me to get back home  
I'm leaving San Francisco and I don't think that  
I can miss you  
More than I do right now baby, Oh  
I don't have all the answers but this time is of the  
essence

And it's a damn good thing you know the way that I  
feel for you
