

Madam Adam "Secret"

Well there it is, my own ambition's laying on the floor
Always feeling like there's something
Leaving me wanting more

Is it plain enough to see?
How can I be so naive?
As plain as the chemical,
but the chemical is no good

I gave you satisfaction,
Don't say a single word.
I won't tell anybody
The secret stays with me

So hit the run and dare never meant to be understood
I never walk away form anything with anything good

Is it plain enough to see?
How can I be so naive?
I know it's pretty bad,
But it's prettyfar so good

I gave you satisfaction,
Don't say a single word.
I won't tell anybody
The secret stays with me

Just gave into the pressure
We knew it'd never work
I won't tell anybody
The secret stays with me

I know, I know, I know something
I know something that you know
I know, I know, I know something
Too late to forgive
It's too late

I gave you satisfaction,
Don't say a single word.
I won't tell anybody
The secret stays with me

Just gave into the pressure
We knew it'd never work
I won't tell anybody
The secret stays with me

I know, I know, I know something
I know something that you know
I know, I know, I know something
Too late to forgive
