Blame me just like a fool
There's really no excuses
Its just something you do so easy

Acting out just like a child
Living your life somewhere in denial
I know that you know we should never

Free me from the abyss
Hear me now, the silence in you
Breathe for a moment or two
Hear me now, the silence

So you're training me for more?
The price to pay forever
No you love to see me fall so far behind

You don't care for me at all

It's like I never get it all
I know that you know that we should never

Free me from the abyss
Hear me now, the silence in you
Breathe for a moment or two
Hear me now, the silence

(Epic solo!)

So free me, do not to do
Hear me now, the silence in you
Breathe for a moment or two
Hear me now, the silence in you
In you, in you

The silence in you, in you, in you
The silence in you
