Imagine a world without me - say you're falling apart
Let's pretend you've missed me for a while
Wouldn't you say you were lonely and love was
breaking your heart?
Put on your Sunday best and fake a smile

I dream of dreaming dreams of her - in twilight she's a
constant blur
The picture is clear and I'm still fact she's fiction

Remember the night you were with me - fell asleep by
my side
Strangers together - your hand in mine
How come we never came closer when all the stars
were aligned?
I thought we had a moment

I dream of dreaming dreams of her - in twilight she's a
constant blur
The picture is clear and I'm still fact she's fiction
I seem to miss the missing part, she's still my favorite
work of art
The picture is clear and I'm still fact she's fiction

Nothing has changed cause I'm still fact - she's fiction
Or I may be imperfectly formed in this contradiction

I dream of dreaming dreams of her - in twilight she's a
constant blur
The picture is clear cause I'm still fact she's fiction

I fell in love with her longing - let's just say that she
never found out
Who it was she never found in me
