1949 I found you  
Since then never have there been two hearts that  
Cannot will not break their hold  
I saw your eyes and darkness faded  
Not a second longer could I have waited  
For a kiss from lips that pierce my soul

Sixty years gone by  
And still you are mine

So sing yourself to sleep tonight and let your demons  
go  
Cause every word you spoke to me and saved me for  
so long  
And every move and every word you spoke to me I've  
kept this on my tongue  
Cause you're as beautiful to me as when you were  
young

So here we are standing side by side for all this time  
And well, I could never comprehend a life without you  
Then all of a sudden demons come and hurt your heart  
I promise this, together we will win  
I understand it's soon our time  
But with this love there's no goodbyes

Sixty years gone by  
And still you are mine

So sing yourself to sleep tonight and let your demons  
go  
Cause every word you spoke to me and saved me for  
so long  
And every move and every word you spoke to me I've  
kept this on my tongue  
Cause you're as beautiful to me as when you were  
young

So sing yourself to sleep tonight and let your demons  
go  
Cause every word you spoke to me and saved me for

so long  
And every move and every word you spoke to me I've  
kept this on my tongue  
Cause you're as beautiful to me as when you were  
young  
Yeah you're as beautiful to me as  
When you were young  
Yeah you're as beautiful to me as  
When you were young
