The Devil's been stuck in my brain,
and he's been living there seventeen days
He said that I can do better
But I know I'll get better
I'll do anything to feel something

The voices they're loudest at night
And they're so loud that they're haunting my mind
Although I know it makes him unsettled
To know I'll get better, if I find something deep within

See I can't find the way, out my mind.

(x2 Chorus)

Breathe in, I'm coming to get you
You need me, but I don't know how to reach you
You know I'm going to be the one
(But I don't wanna be the one)
But I don't wanna be the one!

I'm begging it to push me away
Cause this song will only drive me insane
I'm hoping just to sort it someday
And then it's just me and myself all the way

(So try sleeping with a stranger in your room.
It spends time banging on your bedroom walls
The voices in the pitch black, letting you know that
you're, not alone)

See I can't find the way, out my mind.

(x2 Chorus)

Breathe in, I'm coming to get you
You need me, but I don't know how to reach you
You know I'm going to be the one
(But I don't wanna be the one)
But I don't wanna be the one!

(I'm coming to get you, I'm coming to get you)
I know I'm gonna be the one, but I don't wanna be the

one
(Coming to get you, I'm coming to get you)
I know I'm gonna be the one, but I don't wanna be the
one!

See I can't find, the way out of my mind.
(Cause I don't wanna be the one, cause I don't wanna
be the one)
The devil has his claws too deep inside
(Cause I don't wanna be the one, cause I don't wanna
be the one)

See I can't find, the way out of my mind.
(I'm coming to get you, I'm coming to get you,
I don't wanna be the one, I don't wanna be the one)
The devil has his claws too deep inside
(I'm coming to get you, I'm coming to get you
I don't wanna be the one, I don't wanna be the one)
