She's got five lives that she's got to save  
And she's thrown them all away  
And she doesn't know how to feel  
Her decision is not made by me  
So I'll write you a love song and lie through my teeth  
The choices you've made they don't sit well with me

Hello, yes I am looking for her out there  
Why hasn't anybody seen her?  
And is there any kind of way to find her  
Hello, I am looking for her out there  
(And I am looking for her out there)  
Hasn't anybody seen her?  
(And hasn't anybody seen her?)  
And is there any kind of way to find her

And this old way we were  
You said you would make it work  
But you never could show me proof  
Show me proof  
So wash the dirt from your clothes  
Take what you own  
Run away from promises made  
Made back when we really cared, really cared  
The secrets you've been keeping they have been let out

Hello, yes I am looking for her out there  
Why hasn't anybody seen her?  
And is there any kind of way to find her  
Hello, I am looking for her out there  
(And I am looking for her out there)  
Hasn't anybody seen her?  
(And hasn't anybody seen her?)  
And is there any kind of way to find her

To find her, to find her, to find her  
To find her, (hello)  
To find her, (hello)  
To find her, (hello)

Hello, yes I am looking for her out there

Why hasn't anybody seen her?  
And is there any kind of way to find her  
Hello, yes I am looking for her out there  
Why hasn't anybody seen her?  
And is there any kind of way to find her  
Hello, yes I am looking for her out there  
(Yes I am looking for her out there)  
Why hasn't anybody seen her?  
(Why hasn't anybody seen her)  
And is there any kind of way to find her
