My dear Amelia, is it wrong to wish for more than just
your name
And if I could come home it's safe to say
That bombing runs and machine guns would try and
beat me back
The world and all its hatred couldn't keep me off my
track

And you're all I know
And you're all I know

And was it what, was it what you wanted
Was it what, was it what you wanted
And was it what, was it what you wanted
Was it what, was it what you wanted

Could be the Queen of Diamonds, but you never kiss
and tell

I'll write to you a thousand times but your reply always
fails
You know my head becomes so weary
And baby my hands become so cold
And here's just one last note I'll write for you baby
My dear Amelia
Could I be so bold to say

You're all I know
And you're all I know

And was it what, was it what you wanted
Was it what, was it what you wanted
And was it what, was it what you wanted
Was it what, was it what you wanted
And sing it up, speak it out so true
I'm still in love, still in love with you
And was it what, was it what you wanted
Was it what, was it what you wanted

And you're all I know (you're all I know)
And you're all I know

(You're all I know)
And you're all I know
And you're all I know (you're all I know)

Could be the Queen of Diamonds, but you never kiss
and tell

And was it what, was it what you wanted
Was it what, was it what you wanted
And was it what, was it what you wanted
Was it what, was it what you wanted
Sing it up, speak it out so true
I'm still in love, still in love with you
And was it what, was it what you wanted
Was it what, was it what you wanted
