You and me got the rhythm  
The right kind, the right time for love  
You and me got the melody  
There's something tellin' me  
You're the one

It's four in the morning  
I can't sleep at all an'  
I tried to get you off my mind  
But all we're doin' is stallin'  
Some things are inevitable  
Love, lies, tears and hate  
You know if it were up to me  
I wouldn't hurry fate

'Cause You and me got the rhythm  
The right kind, the right time for love  
You and me got the melody  
There's something tellin' me  
You're the one

I tried to ignore you  
Decide I can't adore you  
But you're eyes see inside of me  
And I'd do anything for you  
Some things are intangible  
My heart sees in grey  
Now you can't force the stars to cross  
And I can't pull away

'Cause You and me got the rhythm  
The right kind, the right time for love  
You and me got the melody  
There's something tellin' me  
You're the one

You might be the painting  
And I might be the brush  
But all I know is when you hold me  
I ain't in any rush

'Cause You and me got the rhythm  
The right kind, the right time for love  
You and me got the melody  
There's something tellin' me  
You're the one
