Like pale sun in winter
you slowly disappear
and your purple red coat
hangs lonely leaving tears
tears I never spoken words
black wholes in my soul
make my consciousness swirl

like a blown up blue ballon
I take off to the sky
never learned to glide
but I'm capable of flying

Roll the globe verse Maui
hide in twothousand miles of sea
roll the globe around

'cause the blockheads burry me
tears I never let roll
are linke never spoken words
black wholes in my soul
make my consciousness swirl

like a blown up blue ballon
I take off to the sky
never learned to glide
but I'm capable of flying

Never loose the minute
as the roll of time asks WHY
ever loosing myprime
when I'm sure I could get high
sure to get by
