Sat up in the dark for so long
Just livin' my life on my own then
Right up out of the blue
Bumped into you
I was so amused
By your smile boo
Wanting you to call my phone
So me you can talk just a lil' more
I didn't know what to do I was feelin' you
Hopin' you would be cool of hangin' out too

I don't know what happened
Got people steady asking
How you go to sleep mad one day
The next wake up so happy?
Love works like magic
And it's so true my mind can't grasp it
I'm just glad that I've got you in my life

[CHORUS]
I think bout us (all day)
Dream about you (always)
Love ain't always
Com-pli-cat-ed [2x]

If I'm loving it don't take long
People speculating that it wont last long
But that just can't be true
Cause I've been lovin' you
Like you never knew that I could do
I will never let go gotta hold on
Cause you den made me and
You a happy home
And I give all me to you, I do
Whatever you ask me too

Cause boy you're my
Biggest blessing
They can keep on askin'
How I go to sleep mad one day
The next wake up so happy?
Well love works like magic

And it's so true my mind can't grasp it
I'm so glad that you made me your wife, I

[CHORUS X2]
I think bout us (all day)
Dream about you (always)
Love ain't always
Com-pli-cat-ed

[Bridge]
Boy you make me feel so beautiful
And I ain't never gonna let you go
People say this ain't how it's supposed to go
But I refuse to believe
Cause it happened to me

One day you're
Standin' in the middle of the road
And you don't know where you're goin'
All of the sudden your whole life change
And life finally gives you somethin' back
It's been a mean world without you
Boy I love you, I love you

[CHORUS]
I think bout us (all day)
Dream about you (always)
Love ain't always
Com-pli-cat-ed [2x]
