For sure we like to stay  
The lights they don't go out  
And I can hear the sound  
A lifes made symphony  
The chains moves through the dark  
The rain keeps falling down  
Tonight  
Even after we're gone  
You know the world keeps turning round  
Go back to where you're from  
You can get up now or stay down  
So stay with me, stay with me  
(Tonight)  
So stay with me, stay with me  
(Tonight)  
So stay with me, stay with me  
(Tonight)  
So stay with me, stay with me  
So hold my hand and stay  
Two shadows in the night  
Lay down by my side  
And listen to this song  
Life's crazy, am I wrong?  
Just hold on for the ride  
Tonight  
Even after we're gone  
You know the world keeps turning round  
Go back to where you're from  
You can get up now or stay on  
So stay with me, stay with me  
(Tonight)  
So stay with me, stay with me  
(Tonight)  
So stay with me, stay with me  
(Tonight)  
So stay with me, stay with me  
Tonight  
Tonight  
Even after we're gone  
You know the world keeps turning round  
Go back to where you're from  
You can get up now or stay on

(Tonight)

So stay with me, stay with me (x11)
