And I don't ever feel too much round here
And I never did
And I don't ever see the sun round here
And I never did

[Verse 1]

I've been walking for days
Just, just trying to find a song
That could heal my woes
But so many faces never could

I've been standing alone
In a full room trying to feel
Like I was someone too
But I never could

[Chorus]

And I don't ever feel too much round here
And I never did
And I don't ever see the sun round here
And I never did

[Verse 2]

Been sinking deeper and deeper
Drowning the frowns away
And beneath this tough skin
I'm screaming for someone else

What I say is falling on deaf ears
When I cry no-one sees
My skinny legs drag me across
These cracked pavements and stench streets

[Chorus]

And I don't ever feel too much round here
And I never did
And I don't ever see the sun round here
And I never did

And I never did
No I never did

And I don't ever feel too much round here
And I never did
And I don't ever see the sun round here
And I never did

And I never did
And I never did
Nah, round here
No, no, no
Never feel too much round here
And I never did
