Girl don't lie, you'll be a woman soon, lady don't cry
Look what I've done to you
Girl don't lie, you'll be a woman soon, lady don't cry
Look what I've done to you, done to you, done to you
Done to you done to you
Look what I've done to you
Done to you done to you
Done to you done to you

Beautiful brown hair, brown eyes, rounded
Beautiful face, a waist so small, kept you grounded
But down in, deep in her heart she wasn't feeling it
Even when there's dogs out there trying to steal a kiss
We sold ourselves out too short, giving out no problem
Never cared for condoms, never kept you wanted
Cause you were just dumped after that and I was
always the response
Yeah my doctor, told you one too many times,
Respect yourself, your health, you're not ready now
But you never ever listened, small shame thieves
deceptive in givin'
And now you can rest in bed, cause there's a baby
coming
You're pushing hard and screaming for your mother
But your mum ain't there cause she don't care
The dad could be me but I'm not there

Girl don't lie, you'll be a woman soon, lady don't cry
Look what I've done to you
Girl don't lie, you'll be a woman soon, lady don't cry
Look what I've done to you, done to you, done to you
Done to you, done to you
Look what I've done to you
Done to you, done to you
Done to you, done to you

Young woman tryna get right but,
Everything's telling her things just to make her think
like,
You're not really good enough,
Too fat, too thin, too that, too this,

And it's dragging them all in,
What they wanna change,
They hate the skin they're in, so they look away,
Too small, or too big, not as pretty as the girl in the
magazine.

Young girls getting made up
Wanna grow up fast cause that's the only way we live
now
But we're missing out on everything
Summer days in the rays playing games with your
friends a bit
Look, what we take away from them,
Look, what we take away from them,
Look, what we take away from them,
Look what we take away.

Girl don't lie, you'll be a woman soon, lady don't cry
Look what I've done to you
Girl don't lie, you'll be a woman soon, lady don't cry
Look what I've done to you, done to you, done to you
Done to you done to you
Look what I've done to you
Done to you done to you
Done to you done to you

Look what we've done
What we've done
To you
Look what has come
What has come to
[x2]

Girl don't lie, you'll be a woman soon, lady don't cry
Look what I've done to you
Girl don't lie, you'll be a woman soon, lady don't cry
Look what I've done to you, done to you, done to you
Done to you done to you
Look what I've done to you
Done to you done to you
Done to you done to you
