I can feel it burning under my skin
Give me the look and let it begin oh no oh
I watch the way you move your body tonight
I feel your sweat dripping under the lights oh no oh

Can't stop now, I'll give you what you want
If you give me one night I'll never be the same again
Is that a green light go, never go slow, we're going on
A ride baby

I'll set you free, give you what you need
It'll never be overrated
Everything you feel, every fantasy
It'll never be overrated

Just like a fire burning out of control
I feel the banging of our mixed up worlds oh oh

Don't stop now, I'll give you what you want
If you give me one night I'll never be the same again
Is that a green light go, never go slow, we're going on
A ride baby

I'll set you free, give you what you need
It'll never be overrated
Everything you feel, every fantasy
It'll never be overrated

I'll set you free, give you what you need
It'll never be overrated
Everything you feel, every fantasy
It'll never be overrated

I'll set you free, give you what you need
It'll never be overrated
Everything you feel, every fantasy
It'll never be overrated

I'll set you free, give you what you need
It'll never be overrated
Everything you feel, every fantasy

It'll never be overrated

I'll set you free, give you what you need

It'll never be overrated

Everything you feel, every fantasy

It'll never be overrated

I'll set you free, give you what you need

It'll never be overrated

Everything you feel, every fantasy

It'll never be overrated
