Oh yeah...

I've been looking under rocks and breaking locks
Just tryna find ya
I've been like a manic insomniac
5 steps behind you
Tell them other boys, they can hit the exit
Check please...
Cause I finally found the boy of my dreams
Much more than a Grammy award
That's how much you mean to me

You could be my IT girl
You're my greatest gift girl
Lovin' you could be a crime
Crazy how we fit girl
This is it girl
Give me 25 to life
I just wanna rock all night long
And put you in the middle of my spotlight
You could be my it girl
You're my biggest hit girl

Let me play it loud
Let me play it loud like... oh oh oh oh
Let me play it loud
Let me play it loud like... oh oh oh oh
Let me play it loud

You can't help but turn them heads
Knockin' them dead
Dropping like flies around you
If I get your body close not letting go
Hoping you're about to
Tell them other guys they can lose your number
You're done!
They don't get another shot cause you're love drunk
Like a TV show playing reruns
Every chance I get, I'ma turn you on

You could be my IT boy

You're my greatest gift boy
Lovin' you could be a crime
Crazy how we fit boy
This is it boy
Give me 25 to life
I just wanna rock all night long
And put you in the middle of my spotlight
You could be my IT boy
You're my biggest hit boy

Let me play it loud
Let me play it loud like... oh oh oh oh
Let me play it loud
Let me play it loud like... oh oh oh oh
Let me play it loud

Can't seem to stop you from running, running
Through my, through my mind, mind
Just keep it coming, coming
'Til I make you mine, mine
You've got that something, something
I wanna be with girl
I wanna be with boy
You're my greatest hit girl
You're my greatest hit boy
Just say this is it girl...
Hey baby...
Don't you know you're my it girl

You could be my IT boy
You're the greatest gift boy
Lovin' you could be a crime
It's crazy how we fit girl
This is it
I just wanna rock all night long
And put you in the middle of my spotlight
You could be my IT boy
(You could be my IT girl)
You're my biggest hit boy

Let me play it loud
Let me play it loud like... oh oh oh oh
Let me play it loud
Let me play it loud like... oh oh oh oh
Let me play it loud
Let me play it loud like... oh oh oh oh
Let me play it loud
Let me play it loud like...
