In Nashville

We're living in a big small town and it spreads so far
that you can't know everyone's face
got snow on the ground about half of the year
I hear everyone saying they've got to get out of this
place
but where will you go, where else could there be
gold flowers by the side of the road
and fields laying out as far as the eye can see

well I got this feeling I'd like to try awhile in Nashville
oh I got this feeling I'd like to ride awhile in Nashville
well I've been to Nevada, New Mexico been through
Arizona and San Diego and when I get home
kiss the ground that we walk on

but I got this feeling I'd like to try awhile in Nashville
oh I've got this feeling I'd like to ride awhile in Nashville
oh I got this feeling I'd like to try awhile in Nashville
I've got this feeling I'd like to ride awhile in Nashville
