I'm here to set up a company brand
With blueprint and newsprints I bought underhand on
the way home
Rate me by offices owned
Seed me by what I have sold
On the road to this Diamonds & Co

So won't you believe me when I'm pointing my gun
I don't do this for profit
Let's...

Here at the setup I need my berretta
I just tried to call you to warn you that I've run away
again
I've burnt my possessions and I'm wearing a suit
To follow the diamonds that I promised you on the way
home

So won't you believe me when I'm pointing my gun
I don't do this for profit, it was borne out of love

It's borne out of love for the way that you
I do it for love
It's borne out of love for the way that you asked me for
Diamonds

So back to the room that we're in and you're on
The spot of a lifetime now hand me the rock
Understand young man?

You answered me slowly while raising your hands
I know the alarm cue but it's not in my plan
Bang, bang, bang

So won't you believe me when I'm pointing my gun
That this ain't for profit, it was borne out of love

It's borne out of love for the way that you
I do it for love
It's borne out of love for the way that you asked me for
Diamonds and Co

So now you believe as I lower my gun
I don't do this for profit, I do it for love

It's borne out of love for the way that you
I do it for love
It's borne out of love for the way that you asked me for
Diamonds
