I'm the last to leave  
On an autumn tree  
Clinging on for what is worth  
There's northern breeze that's got it in for me  
It's getting harder to hold on  
And it's blowing on a path to nowhere  
I'll have to be strong

If I fall I'm gonna dance beneath the feet  
Of the cowards that tower above me  
I'll have to be strong

Like a lonely moth  
To a naked flame  
I'll get burnt but I'll come back for more  
With my mind ajar, and my wings ablaze  
I'll never stop till my feet hit the floor  
Then I'll be lighting up that path to nowhere  
At least I'll be strong

If I fall I'm gonna dance beneath the feet  
Of the cowards that tower above me  
I'll have to be strong  
So stand tall , you never sure of who you'll meet  
But be sure that they'll be out to get you  
At least you'll be free

Once I sat upon a star  
And wished the world below would come find me  
And dream of better days to come  
And leave the broken memories behind me  
Then I'll be lighting up that path to nowhere  
At least I'll be strong

If I fall I'm gonna dance beneath the feet  
Of the cowards that tower above me  
I'll have to be strong  
So stand tall, you never sure of who you'll meet  
But be sure they'll be out to get you  
At least you'll be free
