"Hang Around"

Nights gone colder, life's getting older
Realise that's it's not forever
Lost my mind gotta hold it together
Hang around in a darkened room
Shut my eyes cause there's nothing to prove
This empty glass doesn't get much better
Write it down gotta piece it together

Hang around, hang around for me
Hang around, hang around for me

World keeps turning, I hope it wont leave me behind
I'm standing still but my mind keeps racing
Wishing hard that I could turn back time
Had it all then I threw it away
Hurt so bad that I couldn't stay
Had it all now I'm left with nothing
It's all I have now there's nothing to say

Hang around, hang around for me
I'm tired of life I just wanna be free
I've seen it all and there's nothing to see
So hang around, hang around for me.

Had it all now I'm left with nothing
It's all I have now there's nothing to say
Had it all now I'm left with nothing
It's all I have now there's nothing to say

Nights gone colder, life's getting older
Realise that's it's not forever
Lost my mind gotta hold it together

Hang around, hang around for me
I'm tired of life I just wanna be free
I've seen it all and there's nothing to see
So hang around, hang around for me.
