I've got a feeling that I'm living alone in this hole
I'm kinda reeling that I've got nowhere else to go
I lost my mind today. It wandered away with my sole
And left for paradise

I seen a doctor she just sent me away with some pills
I necked the bottle and thought about cutting
my wrists
I met God that day he sent me away with a kiss
But still I'm satisfied

That I'll go , live life to the full its in front of me
Doesn't matter what they say, I'm gonna take it
day by day
I'll get by
I, I know

I've been poking around in this hole in my head
Lost for words and playing dead
I got caught by the dragons' I chased
And I know , there never gonna let me go
But still I'm standing here.
