What do you do when you've lost the will to live?  
(Do you keep on going?)  
When you've had your fill, given all you have to give  
(And there's no way of knowing)  
Who you are, you've burnt out your not a star  
(Anymore)

So you fill your mind with thoughts that don't belong  
(And it starts taking over)  
You're afraid to be alone because loneliness  
haunts your dreams  
(Life's not what it seems)  
it's all gone too fast, so live for now not in the past

(Make it last for you) x3

You had the world in the palm of your hands  
But you let it slip, through your fingers  
You were the man now your half that man  
Your legend lives, but you just linger

So you fill your mind with thoughts that don't belong  
(And it starts taking over)  
You're afraid to be alone because loneliness  
haunts your dreams  
(Life's not what it seems)  
it's all gone too fast, so live for now not in the past  
(Make it last for you) x5
