You try to make me fit
Your tiny four by four
It makes me sick
I'm claustrophobic
your perfect picture
Seen it all before
Smile and cash the check
Time is running out
It makes me tick
Tick toxic
That's it, I quit
I'm getting really bored
Don't dumb me down
Pink bubble gum
Forever young
This isn't my idea of fun
I keep it loud
Get off my cloud
Don't dumb me down
What you see for me
is everything
I never wanna be
A fake ID
A bit naive
Guess you know it all ?
Don't dumb me down
Pink bubble gum
Forever young
This isn't my idea of fun
I keep it loud
Get off my cloud
Don't dumb me down
Sometimes you don't get what you ask for
Sometimes you get a whole lot more.....
