"In Spite Of Herself"

In spite of herself she continued the story
She continued the wanting, the needing
Never quite receiving

Inside of her she'll she kept her emotion
She could only imagine the feelings
But never quite reach them

And she lies as she leads you away
And she smiles as she fades away

Despite all her burns she went straight to the fire
And the flame took the skin from the bone
And the bone from the heart and the soul

If I could find a way to relieve all the hurting
I'd take all of the joy from the sky
And put it back where it belongs

And she lies if she says she's okay
And she smiles as she fades

In spite of herself she continued the story
She continued the wanting, needing
Never quite receiving

And she lies if she says she's okay
And she smile as she fades
And she lies as she fades
And she cries as she fades away
