Everytime I'm steppin' foot in the spot  
Actin' naughty with stiletto pumps  
'Cause I'm lookin' hot  
And all the bitches, they be starin' at me  
Greenin' their eyes  
Must be the way I move my body  
It's got them all hypnotised

Electronic, robotic  
Spillin' drinks on the floor  
And mister DJ spin that track again  
'Cause I'm wantin' more  
I think I got my costume on  
So let's put on a show  
But all these girls who seem to dance  
They're just close to techno

What happens after midnight?  
Dancin' in the club  
What happens after midnight?  
DJ show me love  
What happens after midnight?  
Think you know what's up  
What happens after midnight?  
We don't give a-

On a mission straight to vip  
Sippin' on a couple bottles  
And the tab's on me  
I know the bartenders, so it's all free  
I'm feeling lost and toxicated  
And it's only 3

Electronic, robotic  
Spillin' drinks on the floor  
And mister DJ spin that track again  
'Cause I'm wantin' more  
I think I got my costume on  
So let's put on a show  
But all these girls who seem to dance  
They're just close to techno

What happens after midnight?  
Dancin' in the club  
What happens after midnight?  
DJ show me love  
What happens after midnight?  
Think you know what's up  
What happens after midnight?  
We don't give a-

No control  
I want life shaken' not stirred  
I know the rumors be fine  
But don't believe that you've heard  
My glass is empty, fill it up another cup  
No wastin' time here, baby I live it up

What happens after midnight?  
Dancin' in the club  
What happens after midnight?  
DJ show me love  
What happens after midnight?  
Dancin' in the club  
What happens after midnight?  
DJ show me love

What happens after midnight?  
Dancin' in the club  
What happens after midnight?  
DJ show me love  
What happens after midnight?  
Think you know what's up  
What happens after midnight?  
We don't give a-
