Let me stay in the darkness  
Where I can breathe freely  
They offened me light  
Suffocated me with sun  
Don't give me crosses  
You've bought the sun  
You've bought the land  
But you can't buy me

I don't want your land  
I don't want your land  
I don't want your land  
I don't want your land

I run to North beneath the stars  
Those forests, wide sky  
I run to North beneath the stars  
Those forests, wide sky

Let me be alone I am the cold  
So I can be as the unborn  
I've found peace and my spirit is strong

Let me stay in the darkness  
Where I can breathe freely  
They offened me light  
Suffocated me with sun  
Don't give me crosses  
You've bought the sun  
You've bought the land  
But you can't buy me

Let me be alone I am the cold  
So I can be as the unborn  
I've found peace and my spirit is strong
