I can't explain, what this pain  
In my head has done to me  
It's insanity

eh, eh

I can't hide  
It's inside  
this crowded mind

Delerium

Would you believe I'm not all there  
Would you believe or even care  
It's so surreal just how I feel  
This mania, it just won't heal

But the doctor said, "I'd be okay"  
"It's just my head" ,That's what he said  
This pain is real, It wears me raw

But the ringing in my head won't stop

(Chorus)

I do believe I'll cut my hair (girl talking)  
I'll wear a wig, or leave it bare  
You'll still ignore my cries for help  
Pretend I'm fine, In fact I'm well

I've settled in to my new room  
It's painted white, without a view  
I guess I'll go pretend to care  
To get me out of this stupid cell

(Bridge)

Tie me down  
Haul me away  
just don't tell  
That you're to blame
