In a moment  
and I missed it  
Do you wonder  
If I wished it?  
It's a monster  
can I end it?  
So I'm broken  
Can you mend it?

You say it's my time  
You say it high time  
You say the right time, but I'm on my own

You make me wonder  
at this spell I'm under  
YOu make me wonder if I'm far from home

I can't deny you anymore  
I need to know there's something more  
I thought I'd left it all behind  
But now I can't make up my mind

For an instant  
Will I make it?  
Can I hold on  
Will I break it?  
on a pavement  
in a basement  
Liveing injured  
through the winter

You say it's my time

You say it high time  
You say the right time, but I'm on my own

"I can't hold this beast inside any longer.  
I cringe at it's ferocity.  
It rips my insides to shreds  
I can't get it out of me  
I can't allow this to control me any longer  
Please help me.

You make me wonder  
at this spell I'm under  
YOu make me wonder if I'm far from home

I guess I'll try to make a difference  
I've had enough  
I know it's tearing my heart in two  
But I don't care any more

I will not let go of you  
Just hold my hand  
I'll hold you up and keep you safe from greiving  
we can't look back any more

I break away, I start today  
What I believe is what you say  
I make amends, begin again  
Forget the loss, it's now a win

I put my head into the air  
Take a breath, break my stare  
I see the world with open eyes  
The light I love is now inside
