I fell out  
so hard  
I was frozen

On my lips  
these poison lies  
were barely Spoken

So break me down  
Restore my crown  
I'm broken

My hope is drowning  
In this  
Pounding ocean  
In Slow motion

I breathe to take a moment  
to find the words to show it  
to you  
Please Hate me, Please break me down  
I speak to break the silence  
But lies could never cover the truth  
Don't hate me, Please save me now!

In the light  
of hope  
I am frozen

As the truth  
of lies and hate  
I'd done was spoken

So save me now  
These sights and sounds

Will break me

My head is spinning  
From These words  
you're saying  
Will you take me

You made a mistake  
Just leave the past alone  
So leave this heartache  
And take the first flight home

I breathe to take a moment  
to find the words to show it  
to you  
I love you, I don't know how  
I speak to break the silence  
To sing the words I know that are true  
Don't hate me, Please save me now! 2x

I'm alive and now I know it  
The sounds that make a moment  
of truth  
I love you, I love you  
I sing to break the silence  
Run toward the promise of You  
I love you, I don't know how

I breathe to take a moment  
to find the words to show it  
to you  
I love you, I don't know how  
I speak to break the silence  
To sing the words I know that are true  
I love you, I love you
