I fell out
So hard
I was frozen

On my lips
These poison lies
Were barely Spoken

So break me down
Restore my crown
I'm broken

My hope is drowning
In this
Pounding ocean
In Slow motion

I breathe to take a moment
To find the words to show it
To you
Please Hate me, Please break me down
I speak to break the silence
But lies could never cover the truth
Don't hate me, Please save me now!

In the light
Of hope
I am frozen

As the truth
Of lies and hate
I'd done was spoken

So save me now
These sights and sounds
Will break me

My head is spinning
From These words
You're saying
Will you take me

You made a mistake
Just leave the past alone
So leave this heartache
And take the first flight home

I breathe to take a moment
To find the words to show it
To you
I love you, I don't know how
I speak to break the silence
To sing the words I know that are true
Don't hate me, Please save me now! 2x

I'm alive and now I know it
The sounds that make a moment
Of truth
I love you, I love you
I sing to break the silence
Run toward the promise of You
I love you, I don't know how

I breathe to take a moment
To find the words to show it
To you
I love you, I don't know how
I speak to break the silence
To sing the words I know that are true
I love you, I love you
