"I Still Believe In Santa Claus"

Visit "[I Still Believe In Santa Claus](#)" on MotoLyrics.com

I still believe in Santa Claus, maybe that's just because
I'm still
a child at heart,
and I still believe in old St. Nick, but then again maybe
that's the
trick we need, we need to retreat to a world of make
believe.

Let's make this Christmas last forever, shine a little
love along the way
for the sake of all children let love show us the way.

I still....

This time of year is for the giving, this time of year is
for the joy.
May joy and happiness be with you always this day.
I still....
