I've whispered words before
I'm here to hold your hand before you hit the floor
You quiver before each smile
You're shivering but that's because you're not listening
to anyone

Can you hear me now?
Can you hear me now?
I've tried for years to tell you I'm in love
Can you hear me now?

You're a well painted water color portrait on a page
They didn't like the smile I used to should know
'Cause it's been coupled(?) up and thrown away
I gave you eyes to keep you warm
But like that picture I'mma patch you up where you've
been torn

Can you hear me now?
Can you hear me now?
I've tried for years to tell you I'm in love
Can you hear me now?

I won't let you die
Can you hear me now?
Can you hear me now?
I've tried for years to tell you I'm in love
Can you hear me now?
Can you hear me now?
I've tried for years to tell you I'm in love
I've tried for years to tell you I'm in love
I've tried for years to tell you I'm in love
I've tried for years to tell you I'm in love
