Oh, oh
I wanna build a house with you
A house with you, a house with you, a home
So we can be alone

And I've been running, I've been hiding
I've been falling down and climbing back up
Where they think they belong
And let's go

And I know
That you wouldn't try to tell me what you've done
Oh

I wanna build a house with you
A house with you, a house with you
I wanna build a house with you
So we can be alone
So we can be alone
Alone, alone, alone

I've been slipping on my shoes
My tongue is swollen
My lips are bruised
And I can't get up the hill

I've been jumping through some leaves
and chopping down some cherry trees
So I, oh, so I can tell, so I can tell the truth

And I know
You're up to ears with lies
and killers that you thought

I wanna build a house with you
A house with you, a house with you
I wanna build a house with you
So we can be alone
So we can be alone
Alone, alone, alone
Alone, alone, alone

Alone, alone, alone
