You see me stand against the wall
innocence oozing from my pores
I'm not the girl you think at all
I could be rotten to the core

So you ask me if I want to dance
You smell like confidence
and I like it
Now I've had enough to drink tonight
so you will do just fine
yeah, I like it like that

I wanna feel your bone collide with mine
push me pull me make me bend my spine
cause in the morning you'll be just a number
but for now you'll be my stand in lover

He turns the key unlock the door
it's obvious he needs more
this tension's all that separates
us now boy, please don't make me wait

Grab my hand lead me to the top
we know it's not gonna stop

and you love it
so until the sun is in my face
don't stop till the last taste
and you know you love that

I wanna feel your bone collide with mine
push me pull me make me bend my spine
cause in the morning you'll be just a number
but for now you'll be my stand in lover

He turns the key unlocks the door
it's obvious he needs more
you'll need a river in your mouth
to drown the memories of me out

I wanna feel your bone collide with mine
push me pull me make me bend my spine

cause in the morning you'll be just a number
but for now you'll be my stand in lover

I wanna feel your bone collide with mine
push me pull me make me bend my spine
cause in the morning you'll be just a number
but for now you'll be my stand in lover
