Desert has called out my name
I should go out there again
So I could hear somebody pray
And prayers will follow me yes Proseuchi sto fili sou
Seismos i vrochi sou
Ena asteri peftei tora psila Won't you carry me
Faithfully over the seas
I'll open the sky
To kiss you goodbye
Fly You gave up and you're sacrificed
You wanted to be with the stars
So no one can read in your eyes
But have you said all your goodbyes x2
Won't you carry me
Faithfully over the seas
I'll open the sky
To kiss you goodbye
Fly
