When my heart is lonely
And I'm feeling so damn alone
I think of you strongly
All I see....All I see is ur
All I see is u....All I see is u
All I seeAll I see is
All I see is

Ur eyes...ur eyes
I see the love in ur eyes
Ur eyes...ur eyes
I see the love in your eyes

Ur eyes ...ur eyes
I see the love in your eyes
(I see the love in your eyes)

When I'm lost in silence
And I've got nothing to hold on
I'm escaping not of blindness

And all I see is
All I see is your eyes
Your eyes your eyes
I see the love in your eyes
