You wear so much make-up
So much more than you need
Much more than you need
Much more than you need

It covers the bruises
But not how you feel
Not how you feel
Not how you feel

I try to be friendly
And try to ask why
Try to ask why
Try to ask why

But you just defend him
And try to deny
Try to deny
Try to deny

If you don't wish to be eaten by a dragon
Blood-sucked by a vampire
And beaten by a troll
If you don't wish to be tortured by a goblin
Slaughter by a werewolf
haunted by a ghost
Just leave

A bird can not fly if it stuck in a cage
Stuck in a cage
Stuck in a cage

It looks very calm
But it's burning with rage
Burning with rage
Burning with rage

I try to tell you that you are a bird
You are a bird
You are a bird

You have to let me help you deter
Help you deter
Help you deter him

If you don't wish to be eaten by a dragon
Blood-sucked by a vampire
And beaten by a troll
If you don't wish to be tortured by a goblin
Slaughter by a werewolf
haunted by a ghost
Just leave

When I decide to come riding like Lancelot
The sirens are singing
The sirens are singing
That I am too late

I'm sorry I let you get eaten by a dragon
Blood-sucked by a vampire
And beaten by a troll
I'm sorry I let you get tortured by a goblin
Slaughtered by a werewolf
It should've been me
