You don't agree with me when  
I say that words are only words  
They're just words  
That's why I never told you  
I never really told you how I feel  
Just how I feel  
You should know

I have been dreaming about nobody  
But you  
For the last few years  
And I have been screaming over nobody  
But you  
For the last few years

You live your life without me  
And I try to live some kind of life  
Without you  
But all I ever do is  
hope that tomorrow is yesterday  
Our yesterday  
You should know

That I have been dreaming about nobody  
But you  
For the last few years  
And I have been screaming over nobody  
But you  
For the last few years

And I am a stupid little fool  
For being what I am  
And doing what I do  
You should know

I have been dreaming about nobody  
But you  
For the last few years  
And I have been screaming over nobody  
But you  
For the last few years

I told you that  
I have been dreaming about nobody  
But you  
For the last few years  
And I have been screaming over nobody  
But you  
For the last few years
