Songwriters: Carroll, Dani; Rae, Payton

I remember cheering you on at every football game  
Shoutin', "# 20 as a running back takes your place  
I wait from the bleachers on the 30 yard line  
You only look away, don't you see  
What it does to me

When the game is called, and the crowd goes home  
I get my chance with you alone  
All you seem to do is look right through me  
I've dreamt of you a thousand times  
But you don't even bat an eye  
Doesn't matter what I do or how I try  
I'm always the girl on the sidelines

In the air, on the ground  
I feel the spirit all around  
I guess you really drove it home again  
As I watch you walk away with her in your arms  
Like I'm only a friend, can't you see  
That should be me, that should be me

When the game is called, and the crowd goes home  
I get my chance with you alone  
All you seem to do is look right through me  
I've dreamt of you a thousand times  
But you don't even bat an eye  
Doesn't matter what I do or how I try  
I'm always the girl on the sidelines

Now, pretend that you're just a mistake  
As I watch the instant replay  
Spinnin' 'round and 'round again in my mind

I've dreamt of you a thousand times  
But you don't even bat an eye  
Doesn't matter what I do or how I try  
I'm always the girl on the sidelines

I'm just another girl on the sidelines
