I was sprawled out on my floor  
Kind of want to talk, but we're not talking anymore  
And I can't even remember your face  
Just a glimpse of a blonde and the roll of your tongue  
But I swear I don't remember your taste  
And you left me naked and distressed  
From all that skin we never pressed  
I stumbled straight into your bed  
And then I told you how it felt  
But you were looking for a way  
That you could find yourself some sex and some  
security

But I don't want to be that guy  
That's turning up at your house in the middle of the  
night, no, no  
No I don't want to be that guy who's turning up in the  
middle of the night  
Just waiting for your boyfriend to go

And you possesses me like a ghost when you're away  
And all your charms and your good looks were never  
gonna be enough  
To make me sit around and stay

But I don't want to be that guy  
That's turning up at your house in the middle of the  
night, no, no  
No I don't want to be that guy  
who's turning up at your house in the middle of the  
night  
Just waiting for your boyfriend to go

And if I loved you, it'd be the worst thing I could ever  
do  
If I loved you

And if I loved you, it'd be the worst thing I could ever  
do  
If I loved you  
If I loved you

I don't want to be that guy  
That's turning up at your house in the middle of the  
night, no, no  
No I don't want to be that guy  
who's turning up at your house in the middle of the  
night  
No No

But if I loved you, it'd be the worst thing I could ever do  
If I loved you

But if I loved you, it'd be the worst thing I could ever do  
If I loved you  
If I loved you

If I
