Tick, tick, tock, tock  
Tick, tick, tock, tock  
Tick, tick, tock, tock  
Wake up wake up  
This is weighin on me,  
Wake up wake up  
This is weighin on my soul

I know you must have had a long day  
'Cause at six o'clock I heard you say,  
There was something that was on your mind  
But you ain't told me and it's almost nine  
Now it's nine o'clock and I thought we could talk  
But you ain't givin' it, girl  
Will this ever end? Girl, it's almost ten  
Gotta know if you're mad at me before Grey's Anatomy  
'Cause we could drag this out all night, until...

[Chorus:]

It's 2 in the morning  
Girl, what do you wanna do?  
Do you wanna fight? Wanna say goodnight?  
If you tell me you want it, this could be over...  
'Cause it's 2 in the mourning  
Girl, what do you wanna do?  
Do you wanna fight? Wanna say goodnight?  
If you tell me you want it, this could be over...

Lights are out, don't wanna wake you so, I'm creepin' in  
I know you're hurt 'cause baby, I'm your sleepin' in  
My favorite pair of boxers that you make look so hot,  
girl  
Girl, you look asleep but I know that you're not, girl  
And now it's 12 o'clock and I thought I should talk  
But girl, you're not listening  
Here we go again, you know I like it when...  
You got your back to me,  
But now when you're mad at me  
Please look at me and say goodnight

[Chorus]

I wanna come over, baby, turn over  
Girl, I've been laying up all night,  
Just waiting for your kiss goodnight  
Even if you're mad at me,  
You know we shouldn't go to bed angry

[Chorus]

We could work it out, we could work it out  
We could work it out, I wanna come over...  
We could work it out, we could work it out  
We could work it out, I wanna come over...
