Happy Birthday to you  
This is your day  
On this day for you  
WeÂ´re gonna love you in every way  
This is your day, your day  
Happy Birthday to you, to you

Happy Birthday to you  
YouÂ´re still young  
Age is just a number  
DonÂ´t you stop having fun  
This ist your day, your day  
Happy Birthday to you, to you

This day only comes once every year  
Because youÂ´re so wonderful  
With each and every thing you do  
Hey

Happy Birtday to you  
YouÂ´re still youn  
Age is just a number  
DonÂ´t you stop having fun  
This is your day, your day  
Happy Birthday to you, to you

This day is only for you  
'Cause youÂ´re so special in every way
