We should talk  
That's what you said to me  
On the beach  
You know the place will be  
So here we sit  
Together in the sand  
I hear you saying  
You hope I'll understand  
The love you used to feel  
You say it's not the same  
When I reach for you  
You just turn away, oh baby

[Chorus: ]  
I can't believe it's over  
I can't believe you're breaking my heart  
I can't believe it's over  
Ooh, baby  
I can't believe it's over  
(I can't believe, I can't believe that you're gone)  
It's over  
(I can't believe it girl)

Like a wave  
You're drifting out to sea  
What can I do girl  
To bring you back to me  
There must be  
Something I can say (something I can say)  
To change your mind  
To make you want to stay

Now you're tellin' me  
You found somebody new  
You wanna be with him  
And that he's good to you  
Oh my baby

[Chorus ]

I watch you walk away  
Disappearing in the dark

You're not coming back  
And it's tearing me apart  
I said it's tearing me apart

[Chorus and adlib ]

I can't believe it's over, damn
