"That Girl"

[Verse 1]
I ain't never met a girl before
That came on in and shook up my life
Someone who'd make me give up everything
Go for broke and fall in love
And baby girl thats something
OH! My heart my time, its nothing
Girl OH! Her kiss, just can't do with out it
OH! There's something bout the things you do
Ho! and everytime i think of you
I get excited cause your my girl

[Chorus]
(That girl)
Just the way I like it
Gotta have it just the way
(that girl) Keep me open I be hopin that I'm gon be with
(that girl)
I cant belive
She's killing me
Crazy, Sexy, Cool baby you that girl.

[Verse 2]
