Come a little bit closer I've got something to say
Just like children sleeping we can dream this nite away
There's a full moon rising let's go dancin in the nite
We go where the music's playing lets go out and feel
the clouds

Bc I'm still in love with u I want to see u dance again
Bc I'm still in love with u on this harvest moon

When we were strangers I watched u from afar
When we were lovers I loved u with all my my heart
I know it's getting late and the moon is climbing high
I want to celebrate see it shining in the night

Bc I'm still in love with u I can see u dance again
Bc I'm still in love with u under this harvest moon.
