[Verse 1: Nasty Boi]

Man I'm way too high for this shit, just to start off  
So I'mma raid your tomb like I was Lara Croft  
No guns in here, but I still got the magnums  
I see the color of your hair, don't play dumb  
It's like the gold jacket, green jacket, who gives a shit?  
I'm in here for the fun, ya'll for the sum of it  
I'm not for that "Happy Gilmore" blonde type, that's  
right  
Gonna give me attitude? See you later, outta sight  
(fore!)

One shot, in the hole, two shots, give me more  
Three shots, is it sore? Four shots, gonna soar  
I'm drunk, ceiling high, yeah I'm that kinda guy  
Make you do a double take, now listen to me tongue tie  
Devotion is the potion to make everything in slow  
motion  
Add me, you divide the legs, and you get the quotient  
Weed is quite potent so I gotta be cogent for this  
moment  
But I seem to keep rollin' like a locomotive
