[Iyaz]

J.R

Yeah

And Auburn

Yeah, Beluga Heights

[Verse 1: Prez]

La, la, la

That's all that's comin' out your mo-mo-mouth

Get naked I'mma go down so-so-south

Show you what a real dude abo-bo-bout, I'm in the ho-  
ho-house

Like Kid-N-Play, we gon party in this mufucka

Quit your bitchin' and complainin', we won't get in  
trouble

Call the girls with the fattest asses

I'mma call my connect wit the fattest stashes

I'mma smoke half an ounce 'til my lungs is tired

Head upstairs with a girl who's half Italian

Girls is wilin', drunk number dialing

Get inside, shut the door, I see the neighbor spying

Girls strip when the tequila's poppin'

Edward Forty-hands connected and I ain't stoppin'

Plus the smoke in the sky looks like whipped cream  
topping

My fingers stuck together from the bud I'm chopping  
I'm high [x4]

[Hook: Auburn]

La La La La La. La La La

That's all I hear you saying

La La La La La, La La La

Tired of the complaining

La La La La La, La La La La La La, La La La La La La  
La

So why you up in my ear?

[Verse 2: Nasty Boi]

We doin' that la, la, la

That on each other makin' a fire

Pink short dress with the heels to match

I wonder if she's lookin' back  
Seduce the body, feel it through  
Let the rhythm, take a hold of you  
Take some of the captain, here's my hat  
Not drinkin' Sammy Adams, that's too flat  
I'm feelin' hella good tonight  
Every time she moves, she's in a different place  
Gotta try out the moves, gotta make her feel right  
She goes "baby, there is no space"  
Take her out the club, head to my house  
I tell her "not a word out of that mouth"  
Both so hammered, we know what to do  
Didn't use a condom, never thought it through

[Hook: Auburn]

La La La La La, La La La  
That's all I hear you saying  
La La La La La, La La La  
Tired of the complaining  
La La La La La, La La La, La La La La, La La La La La La  
La  
So why you up in my ear?

[lyaz]

Why you up in my ear?  
Why you up in my ear?  
Why you up in my ear?  
Oh-oh  
Why you up in my ear?  
Why you up in my ear?  
Why you up in my ear?

[Hook: Auburn]

La La La La La, La La La  
That's all I hear you saying  
La La La La La, La La La  
Tired of the complaining  
La La La La La, La La La, La La La La, La La La La La La  
La  
So why you up in my ear?
